ALL MEMBERS MUST COMPLY PROMPTLY OR BE SUBJECT TO EXPULSION

(By Associated Press.) SPRINGFIELD, Ill., Aug. 16.—Following a meeting of the Illinois district executive board of the United Mine Workers, Frank Farrington, district president, last night sent telegrams to the presidents of 14 local miners' unions ordering the striking miners to resume work immediately under penalty of expulsion from the union. Farrington's action was taken as a result of the ultimatum issued by the state mine operators, which charged the union with breaking a wage scale agreement by the strike. Union presidents are to arrange for immediate resumption of work and add "If drivers and shift hands refuse to report for work they are to be expelled from our union." In his message to the local organizations, Farrington says: "A most serious situation that threatens the very existence of the union is extant in this state. Approximately 30,000 miners are idle in violation of permanent agreement. This illegal suspension can-

When the troops swung into Whitehall, a roar of cheers was started. It continued all along the route. All traffic was stopped. Windows and roofs were crowded.
